Level UP

For students

Get paid to build skills for your career.

Introducing a new way to earn work experience.

Short-term, remote projects you choose, where you'll meet potential employers and earn work experience alongside a supportive community of Canadian students.

Level UP Projects are flexible, 80-hour paid internships that can be completed fully online or hybrid.

Flexible by design

Each Level UP project takes **80 hours to complete**. You'll work directly with your employer partner to set a **timeline of 2-8 weeks**, taking into account your class/work schedule.

Multiple experiences

Eligible students can work on **up to five Level UP projects per year**. Explore different disciplines, meet a variety of employers, and add it all to your resume or LinkedIn at the end.

Fair compensation

With funding by the Government of Canada's Innovative Work-Integrated Learning (I-WIL) Initiatives program, you'll earn a **\$1,400 stipend for each project completed**.

Build skills and work experience to find a career you'll love while you're still in school.

- **5,000 available internships and counting**
Browse internship opportunities from a wide variety of disciplines and employers.
- **Work independently or in a group**
Join group-based projects to practice your leadership and collaboration skills, or match with a solo project to demonstrate your personal expertise.
- **Work from anywhere**
All Level UP projects can be completed 100% remotely. With direct integrations to Google Meet and Zoom, you can plan, then take all meetings online from anywhere in the country.
- **Short-term, big impact**
Each project is 80-hours in length and completed over a 2-8 week period. Complete up to five projects per calendar year.
- **Give and get feedback**
Once your project is over, give feedback to your employer partner and get it in return to display on LinkedIn or your resume.
- **Payments powered by e-Transfer®**
Riipen sends your \$1,400 stipend through Interac e-Transfer to make payments simple.
