Effective Partnership Development and Engagement in a Remote Environment

Adapting Experiential Learning for Remote Delivery Webinar Series

June 24, 2020

UNIVERSITY OF
TORONTO

Session Goals

- Discuss best practices and creative approaches to partner engagement and relationship development
- Share examples of successful EL partnerships in a remote environment
- Explore how we can leverage lessons learned and institutional resources to develop EL partnerships
- Consider how outreach efforts can be coordinated and partnership opportunities shared across U of T
- Learn what has worked for you

Agenda

- 1) Introductions
- 2) Discussions with Panelists
- 3) Q & A Period
- 4) Sharing of Resources & Supports

Meet your session panelists.

Reciprocal Learning Community Partnerships

CARES

Collective Action and Response for Everyone in Scarborough

The University of Toronto shares the profound concerns that have arisen in response to recent events in the United States and here in Toronto.

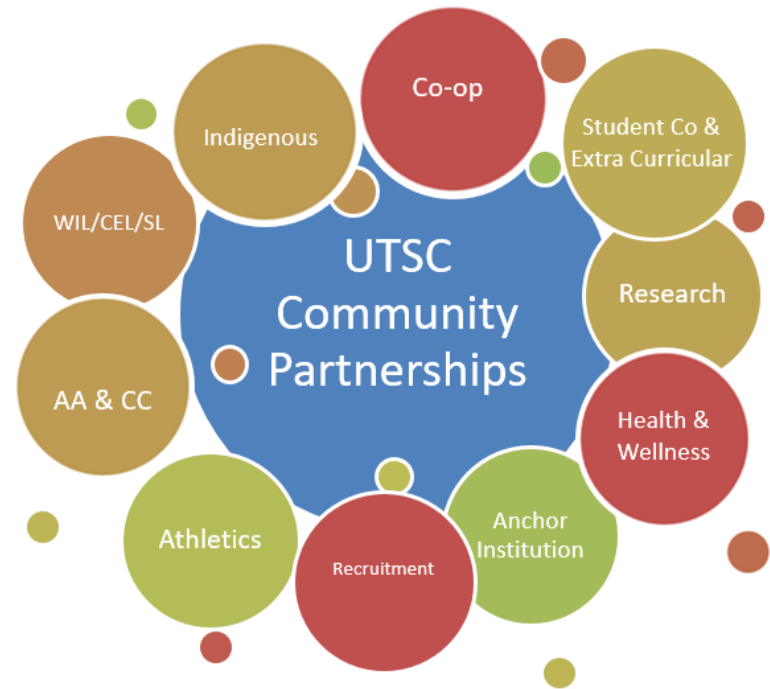

On behalf of the U of T community, let me repeat in the strongest terms possible our condemnation of anti-Black racism and discrimination.

We stand in solidarity with our Black community members at this extremely difficult time.

U OF T PRESIDENT MERIC GERTLER

UTSC ECOSYSTEM

How We Can Support?

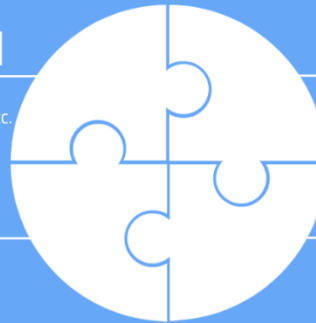

connect. facilitate. navigate. translate. on the ground. strategy. relationship build.

Decentralized

Partnerships across systems,
access to networks, resources etc.

Contracts/ Agreements

MOUs, Contracts, TORs

No Clear Definition

Partnerships vary in scope, size, intent, impact

UTSC Approach

Values, ABCD, Equity, Grounded,
Relationship Building
